

BOSTON COLLEGE
ANNUAL REPORT 2018–2019

THE RAPPAPORT CENTER FOR LAW AND PUBLIC POLICY

A MESSAGE FROM THE DEAN

It is my great pleasure to report that the Rappaport Center for Law and Public Policy had another stellar year, bringing to the forefront issues of vital importance to our communities, state, and nation. Focused on the theme of “Challenges to Constitutional Democracy,” the Center engaged law students, members of the Boston College community, and the public in robust dialogue on myriad issues relating to democracy, criminal justice reform, and higher education.

Experts from near and far shared their knowledge on voting rights, impeachment, the Electoral College, campaign finance, criminal disenfranchisement, prosecutorial discretion, and the value of college completion. The Boston College Law School community continues to be greatly enriched by the Rappaport Center’s programming on significant and relevant topics.

We were also enriched by the passion and commitment to public service of our two distinguished Jerome Lyle Rappaport Visiting Professors. In the fall of 2018, the Honorable Robert J. Cordy, former associate justice of the Massachusetts Supreme Judicial Court, shared his wisdom on combatting corruption and promoting the rule of law throughout the world. During the spring of 2019, we were honored to welcome one of our illustrious alumni, Dannel P. Malloy ’77, JD ’80, who joined us less than a week after stepping down from his eight-year tenure as governor of Connecticut. Governor Malloy taught us about integrating public policy, law, politics, and justice at the highest levels of state government.

This year, we were again tremendously impressed by the Rappaport Fellows Program and the cohort of Fellows. Selected for their dedication to public service, the Rappaport Fellows delved into policy work during their internships at government agencies, ranging from the newly-created Executive Office of Technology and Digital Services to the Massachusetts Health Policy Commission and the Office of the Attorney General. Ensuring that Rappaport Center Fellows are provided with opportunities to learn from policy makers across all walks of government remains an important component of our mission.

Daniel Kanstroom

Elisabeth J. Medvedow

Under the skillful leadership of Faculty Director Daniel Kanstroom and Executive Director Elisabeth J. Medvedow, the Rappaport Center continues to enrich the student experience at Boston College and to train a remarkable cadre of future legal professionals from across the Commonwealth. We remain deeply grateful to Phyllis and Jerry Rappaport for their vision and prescience in advancing public service and public policy at Boston College Law School.

Sincerely,

Vincent D. Rougeau
Dean, Boston College Law School

THE RAPPAPORT CENTER FOR LAW AND PUBLIC POLICY

Phyllis and Jerry Rappaport

Established through a gift from the Phyllis & Jerome Lyle Rappaport Foundation, the Rappaport Center at BC Law convenes local, state, and national policy makers and thought leaders to engage in dynamic discussions on critical public policy issues. Through forums, conferences, and symposia, experts from government, business, academia, and the non-profit sector address challenging and complex societal problems. To inspire future public leaders, the Rappaport Center offers a Fellows Program for exceptional law students providing education, mentorship, and funding for summer internships in state and local government.

THE HONORABLE ROBERT J. CORDY

Former Supreme Judicial Court Associate Justice

Former Supreme Judicial Court Associate Justice Robert J. Cordy was the Jerome Lyle Rappaport Visiting Professor at Boston College Law School in the fall of 2018.

A vociferous proponent of the rule of law, Cordy has had a distinguished career in state and federal service as well as in the international community, assisting countries in establishing stronger constitutional democracies and judicial systems. Appointed to the Supreme Judicial Court in 2001, Cordy remained there until his retirement in 2016.

Throughout his judicial tenure to the present, Cordy has traveled the world, collaborating with international partners to promote the rule of law and democracy in multiple foreign countries, including Russia, Turkey, and Uzbekistan.

During his time on campus, Cordy taught a seminar entitled, “Constitutional Democracy Under Siege.” The course’s subject matter and Cordy’s unique perspective was especially timely, given the global focus on democracy and the controversies worldwide. Students learned about national and international policy issues, challenges and impediments to democratic processes, and how the rule of law furthers justice.

In addition to his course, Cordy kicked off the fall term with a public address, “Challenges to Constitutional Democracy,” on September 5, 2018. In his talk, he spoke powerfully on how the disparagement and diminishment of a free press and independent judiciary contributes to the demise of America’s tradition of constitutional democracy.

Cordy saw the Rappaport Professorship as an opportunity to combine his experience in the executive branch under then-Governor William Weld, the judiciary, and the international community to educate a new generation of lawyers. His expertise and engagement with the BC community fostered important conversations around the critical elements needed to build and sustain strong constitutional democracies that can stand up to the threat of autocracy.

DANNEL P. MALLOY '77, JD'80

Former Governor of Connecticut

Dannel P. Malloy stepped down from his eight-year tenure as governor of Connecticut on January 9, 2019, and began his term as the Jerome Lyle Rappaport Visiting Professor on January 14, 2019.

Malloy taught a seminar entitled, “Overcoming Challenges, Implementing Change, Enduring Resistance—One Governor’s Experience” and participated in lectures and panel discussions throughout the spring 2019 semester. BCLS’s campus greatly benefited from Malloy’s knowledge and insights. He drew upon his combined 22 years in government, including his 14-year service as mayor of Stamford, CT, to illuminate matters across the spectrum of policymaking. Malloy is a double Eagle, having received his BA from Boston College and his JD from Boston College Law School.

“Throughout my career, I have endeavored to recognize potential in others and strived to help them achieve it. And now, I have the honor to give back at an institution and community that have given me so much,” said Malloy.

Malloy received BC Law’s St. Thomas More Award in 2013, delivered the commencement address at the Law School in 2014, and was recognized in BC Law Magazine in 2015 for his leadership. The same year, despite public resistance to resettling Syrian refugees in the U.S. after the Paris terrorist attacks, he personally welcomed a Syrian family to New Haven after another state had denied them refuge. For this, he was honored with the Profile in Courage Award from the John F. Kennedy Library.

Since graduating from BC Law, Malloy has served as a prosecutor, practicing attorney, adjunct professor, and municipal and state chief executive. As governor of Connecticut, Malloy made strides on many fronts, including: economics, education, health-care, employment, infrastructure, environmental issues, criminal justice, and prison reform.

In his community address at the Law School, Malloy gave an impassioned talk about the importance of public service, especially in the legal profession. He asserted that not enough attorneys are going into public service to fulfill their obligations. “If we don’t produce people in law school who are willing to spend some portion of their life in public service, then we are going to be in even bigger trouble than we are now,” stated Malloy.

At the conclusion of Malloy’s Visiting Professorship at the Rappaport Center, he was appointed Chancellor of the University of Maine educational system. Malloy is now overseeing seven campuses and 30,000 undergraduate and graduate students.

RAPPAPORT FELLOWS EXPERIENTIAL OPPORTUNITIES

The 2018 Rappaport Center Fellows had a productive and exciting summer. In addition to working at government agencies, the Fellows participated in weekly experiential learning forums to explore the intersection of law and public policy. The Fellows had the chance to speak with elected officials, government representatives, judges, lawyers, and community leaders, and topics ranged from municipal governance and criminal justice to housing, transportation, and racial equity.

The Rappaport Center for Law and Public Policy partners with the Rappaport Institute for Greater Boston at Harvard University, which runs a Fellows program for non-law graduate students interested in public policy. The Rappaport Center and Institute Fellows often participate jointly in the weekly forums.

During the summer of 2018 Fellows met with the following officials and policymakers:

- Governor of Massachusetts Charlie Baker
- Mo Cowan, Vice President of Global Litigation at General Electric
- David Friedman, Red Sox Special Counsel
- City of Boston Mayor Marty Walsh
- Boston City Councilor Michelle Wu
- Superintendent of MCI-Cedar Junction

Mo Cowan

Touring the Haymarket Vent Building

The Fellows also toured the Massachusetts Bay Transportation Authority (MBTA) Control Room; Fenway Park, to better understand the private and public relationships of the Red Sox and the City of Boston in regard to vendors, street closings, and air space; MCI-Cedar Junction; Haymarket Vent Building (the Big Dig tunnel); and the Moakley Courthouse, where the Fellows participated as court clerks in a Discovering Justice mock appellate argument program for middle school students.

RAPPAPORT FELLOWS EXPERIENTIAL OPPORTUNITIES

“The weekly outings truly encompass the Rappaport Center’s mission to educate and support the next generation of thoughtful public service leaders, preparing them to solve the nuanced public policy issues of their time.

Whether by learning the importance of civic education in the shaping of democratic society at Discovering Justice or the sobering reality that incarcerated individuals at MCI-Cedar Junction—and at correctional institutions across the nation—are there as a result of their struggle with severe mental health issues, the cohort of Fellows were challenged to think through policy matters that extend beyond one’s day-to-day life.”
