Please note that our program provides extensive financial support for our students. Assistantship funding is guaranteed for four years of doctoral study and tuition remission awards are part of all doctoral assistantships. The assistantships during years will include a blend of research, teaching, and some administrative work. An award of a full-time graduate assistantship has the expectation that the student will be available for 20 hours per week for 9 months. Half-time graduate assistants need to be available for 10 hours per week. The assistantships in years five and beyond may involve teaching, administrative work, or other duties depending on the nature of the available options. For further information about student funding, please see the Doctoral Assistantship Handbook which can be located at the following link:
