Section II: Ensuring a Successful Summer at BCE

OVERVIEW OF BOSTON COLLEGE EXPERIENCE (BCE)

Founded on the promise of providing motivated high school students with an opportunity to live and learn at Boston College, Boston College Experience (BCE) exposes high school students to rich and rewarding college experiences through non-credit coursework, extracurricular activities, and college and life planning opportunities during the summer.

BCE is a two-week program that offers students an opportunity to experience BC as a residential student, a commuter student, or an online student.

ENCOURAGE INDEPENDENCE

The Boston College Experience (BCE) is an opportunity for young adults to begin the journey of exploring methods of communication. Parents and guardians, please allow your child to voice their issues or concerns. Participants, remember that you are always encouraged to speak with an instructor or a member of the residential staff.

ATTENDANCE AND PARTICIPATION

BCE is an immersive non-credit academic program requiring an intense and focused commitment from participants. Attendance and participation are fundamental for success.

As such, commuter and residential student attendance is required for the full length of the program; this includes attendance in class, workshops, weekend excursions, etc. **Students should not have concurrent obligations or commitments during the BCE program dates.**

For students taking an online asynchronous BCE course, participation is equally as important. Students are expected to log in to the course in the Canvas learning management system daily to engage in planned learning activities and discussion boards by the deadlines.

ACCEPT IMPERFECTION

“Success is often the result of taking a misstep in the right direction.” Al Bernstein
BCE will introduce students to new and challenging methods of learning. Participating in this program is about learning from mentors, peers, instructors, and one’s self. Our intention is to stimulate growth so that students become their best selves.

“I don’t believe in failure. It is not failure if you enjoyed the process.” Oprah Winfrey

THE CODE OF CONDUCT, GUIDELINES, AND POLICIES

Section III: Overview of the University

BRIEF HISTORY

Boston College was established in 1863 in the city for the working class as Boston's first Jesuit institution of higher learning. Later, the University shifted six miles outside urban activity to Chestnut Hill to accommodate the growing student population.

UNIVERSITY SCHOOLS AND COLLEGES

Boston College has nine schools and colleges: Carroll School of Management, Connell School of Nursing, Law School, Lynch School of Education, Messina College, Morrissey College of Arts and Sciences, School of Social Work, School of Theology and Ministry, and the Woods College of Advancing Studies.

BC CAMPUSES

Boston College is made up of four campus locations: the Brighton Campus, Brookline Campus, Chestnut Hill Campus, and Newton Campus. The Chestnut Hill Campus, often referred to as Main Campus, houses the University's oldest building, most of its academic and

residence halls, athletic facilities, and dining locations. The BCE program will take place on the Chestnut Hill Campus.

The Newton Campus is home to the Boston College Law School, athletic fields, and several freshman residence halls. The Brighton Campus, located across Commonwealth Avenue from the Chestnut Hill Campus, is home to the School of Theology and Ministry, the McMullen Museum of Art, administrative offices (Human Resources, University Advancement, Information Technology Services, and University Communications, to name a few), and several new athletics fields. The Brookline Campus is home to Messina College, which includes several residence halls and other academic and athletic facilities.

BCE CAMPUS - CHESTNUT HILL

An interactive map can be found on [the Boston College website](#). Below is an image of the Chestnut Hill campus. In general, blue represents academic buildings, yellow as libraries, red as dormitories, purple as garages, and orange as cafeteria/athletic spaces. The Thomas More Apartments are located at the top right corner.

*Permitted technologies include but are not limited to: cell phones, laptops, and tablets.

ACADEMIC INTEGRITY

What Does Academic Integrity Mean?

We are honest and accurate in creating all academic products and acknowledge the work (words AND ideas) of others in a way which does not leave any doubt as to whose work it is. We do our own work on all assignments and quizzes/exams and only collaborate with others when given permission to do so by faculty. All students will take the responsibility to seek assistance to ensure that these standards are met.

BCE Academic integrity Policy

Honesty, integrity, and personal responsibility are cornerstones of a Boston College education and provide the foundation for scholarly inquiry, intellectual discourse, and an open and welcoming campus community. BCE participants, who are here to gain the Boston College experience are expected to adhere to these standards as well. Students are expected to demonstrate academic honesty in all aspects of their course/s. If students give credit to those whose work they rely on, and submit their best work, they are highly unlikely to commit an act of academic dishonesty. Academic integrity is violated by any dishonest act which is committed in an academic context including, but not restricted to the following:

Cheating, the fraudulent or dishonest presentation of work, includes but is not limited to:

- Use or attempted use of unauthorized aids in examinations or other academic exercises submitted for evaluation
- Fabrication, falsification, or misrepresentation of data, results, sources for papers or reports, or in clinical practice, as in reporting experiments, measurements, statistical analyses, tests, or other studies never performed; manipulating or altering data or other manifestations of research to achieve a desired result; selective reporting, including the deliberate suppression of conflicting or unwanted data
- Falsification of papers, official records, or reports
- Copying from another student's work
- Actions that destroy or alter the work of another student
- Unauthorized cooperation in completing assignments or during an examination
- Use of purchased essays or term papers or of purchased preparatory research for such papers
- Submission of the same written work in more than one course without prior written approval from the instructors involved
- Dishonesty in requests for late registrations, make-up exams, for extensions of deadlines for submitting papers, and in any other matter relating to a course

Plagiarism is the act of taking the words, ideas, data, illustrations, or statements of another person or source, and presenting them as one's own. Each student is responsible for learning and using proper methods of paraphrasing and footnoting, quotation, and other forms of

citation, to ensure that the original author, speaker, illustrator, or source of the material used is clearly acknowledged.

Collusion is defined as assistance or an attempt to assist another student in an act of academic dishonesty. Collusion is distinct from collaborative learning, which may be a valuable component of students' scholarly development. Collaboration at acceptable levels varies in different courses. Students are expected to consult with their instructor if they are uncertain whether their cooperative activities are acceptable.

Other forms of academic dishonesty can resemble:

- Misrepresentation of one's own or another's identity for academic purposes
- Misrepresentation of material facts or circumstances in relation to examinations, papers, or other evaluative activities
- Sale of papers, essays, or research for fraudulent use
- Alteration or falsification of official University records
- Unauthorized use of University academic facilities or equipment, including computer accounts and files
- Unauthorized recording, sale, purchase, or use of academic lectures, academic computer software, or other instructional materials
- Expropriation or abuse of ideas and preliminary data obtained during the process of editorial or peer review of work submitted to journals, or in proposals for funding by agency panels or by internal University committees
- Expropriation and/or inappropriate dissemination of personally-identifying human subject data
- Unauthorized removal, mutilation, or deliberate concealment of materials in University libraries, media, or academic resource centers

Where Can You Turn for Help?

If you are ever unsure about any aspect of your academic work:

- Review the academic integrity policy above
- Contact your instructor with questions about academic integrity expectations for this course
- Consult the [Citing with Integrity](#) website for an overview of how to set yourself up for success with academic integrity when organizing and writing a paper (adapted from University of Colorado Denver)

Artificial Intelligence Policy

Instructors may allow the use of ChatGPT, other generative AI tools, or similar technologies in some circumstances as a part of class assignments. However, students must ensure that such

use is permitted before using the technology. Students should refer to each course syllabus for details about if or how AI or similar tools may be used in completing coursework, assignments, etc. In all cases when AI is used, students must acknowledge/disclose the use of generative AI or similar technology tools.

Absent a clear statement from the instructor, use of, or consultation with, generative AI shall be treated as dishonest and a violation of academic integrity. Students who are unsure of policies regarding generative AI tools should consult their instructor/s for clarification.

Any one of the above indicates that the student did not meet the requirements of the course and therefore does not meet the minimum standard for course completion. Students who receive this evaluation will NOT receive a certificate of completion and may NOT request a letter of recommendation from their course instructor.

LETTERS OF RECOMMENDATION

Students who receive a ***Met All Requirements*** or ***Met Minimum Requirements*** are eligible to request a Letter of Recommendation from their instructor. Students should contact the instructor within **three months of the conclusion of the course** to request a letter of recommendation.

If the instructor agrees to supply such a letter, the student must provide the instructor with the name and address of the college or university to which the recommendation will be sent. Recommendations will not be sent directly to the student.

TRANSCRIPTS AND LETTERS OF NON-REGISTRATION

BCE is an academic, non-credit program. The courses in BCE are not credit-bearing. As such, an academic standing or an academic transcript is not recorded as a part of a pre-college academic record. Students who wish to obtain documentation of their participation in BCE should email bce@bc.edu to request a Letter of Non-Registration. Letters of Non-Registration will include the student's name, the title and dates of the course, and the student's earned program evaluation level.

Section VII: BCE Online Program

BCE ONLINE COURSES

This year there are two completely online asynchronous courses offered through BCE:

- Psychiatry & the TikTok Generation (S2)
- Applied Neuropsychology (S3)

ONLINE COURSE DELIVERY

Students are **not expected** to meet in a Zoom space every day at a specific time for a streaming class. The majority of the class will take place in the Canvas learning management system platform in an asynchronous format. However, there will be a select number of live sessions throughout the course. Students are expected to attend at least two of the live courses via Zoom. The time of the two live courses will be outlined in the syllabus.

Students should expect to dedicate 2–3 hours per day to coursework, learning materials, and tasks as assigned by the instructor. Students may also be required to collaborate in group work. Students will have assignments due each day (i.e., required readings, viewings, discussion board participation, etc). Detailed instructions for completion of assignments, including relevant resources and links, will be provided by the instructor in Canvas. Access to Canvas will be provided before the course begins.

Students are expected to log in daily.

BC CREDENTIALS

Students participating in the BCE programs will receive credentials (BC Eagle ID number and BC username) from the BCE Program office shortly after confirmation of intent to enroll and pay the program fee.

SECURITY PRECAUTIONS

All courses are password protected and behind a firewall. Students should never share their BC credentials with anyone for any reason.

Students participating in BCE online are not allowed on the physical campus. However, BCE online students have virtual access to the Boston College Library.

Discrimination and Bias

BCE welcomes participants from a multitude of backgrounds. Any report of alleged discrimination and/or bias, whether anonymously or otherwise, will be treated and investigated with the utmost gravity. Behavior deemed by program staff to be negatively impacting another student's experience at Boston College will not be tolerated and is grounds for further investigation, disciplinary action, involuntary withdrawal from the program, and intervention by local authorities.

Sexual Misconduct

Engaging in any form of sexual contact or conduct with another without the person's clear, conscious, and voluntary consent will not be tolerated. Violators will face immediate expulsion and, if appropriate, civil action.

Section VIII: BCE Commuter Program

Living on campus provides that true college experience and the organic friendships that develop as part of dorm life and are difficult for a commuter student to replicate. For this reason, we strongly suggest the residential program. However, we understand that not all circumstances allow for this.

Commuter students are welcome on-campus at any time and may make use of a majority of the services available to residential students. However, **due to security reasons commuter students are NOT allowed in the residence hall at ANY TIME.**

DINING SERVICES

Commuter students may join their classmates in the dining locations for meals by using a debit or credit card. Apple Pay is supported in the dining halls also. Please let the dining aide assisting you know beforehand that you are a commuter student and do not have a meal plan card (they would need to alter the checking out process).

HEALTH SERVICES

BCE residential or commuter students can utilize the [University Health Service Clinic](#) during the program dates. The clinic provides treatment of minor injuries or illnesses and willingly acts as a liaison with community doctors for necessary treatments that the clinic cannot provide. Student participants seeking medical care will be accompanied by program staff to the Boston College University Health Services offices to receive care.

University Health Services is located on the ground level of the Thomas Moore Apartments at 2150 Commonwealth Avenue. During the summer, it is open Monday through Thursday from 8:30 a.m. to 4:30 p.m. and on Fridays from 9 a.m. to 3 p.m.

In the event of an emergency, students will be accompanied to St. Elizabeth's Emergency Room by program staff and Boston College Police.

In all cases where medical attention is sought, the student's custodial parent/guardian or emergency contact will be notified.

PARKING

Students are not permitted to park on campus at any time. Parents/guardians should arrange drop off and pick up times with the student.

STUDENT ID

Each BCE student will receive a BC ID.

Section IX: BCE Residential Program

MOVE-IN AND MOVE-OUT

Standard Move-In

Students move-in between 10:00 a.m. and 12:00 p.m. on Sunday, the first day of the program. Move-in location and specific information will be communicated to students via email leading to the start of the session.

Early/Late Move-In

Early check in is not permitted and cannot be accommodated.

Late check-in after 12 p.m., ensure you've notified staff of your expected time of arrival. You may be asked to arrive at Stayer Hall, 70 St Thomas More Rd, Brighton, MA, 02467.

Move-Out

Students must be checked out of the residence hall between 3:00 p.m. and 5:00 p.m on the last Friday of their program. Specifics will be provided by PAs at the program. Late move-outs are NOT permitted.

Arrival & Departure Form

Please fill out the two forms as provided in the student portal to ensure the participant's successful transition into the program, and for our staff to prepare and welcome students to campus.

NOTE: Boston College does not provide airport pick-up and/or drop-off.

Move-In/Move-Out Guidelines

During check-in and check-out, all students must be accompanied by their custodial parent/guardian indicated on the Move-In and Move-Out form. If the custodial parent/guardian will not be accompanying the student this must be indicated on the form and whether the student will arrive by themselves or accompanied by an adult authorized by the custodial parent/guardian.

If students were to move-in or move-out without their custodial parent/guardian, Students are responsible for cleaning their assigned rooms upon departure, including the trash removal. At check-out, program staff will inspect rooms to ensure appropriate levels of cleanliness.

Students are responsible for replacement costs associated with damaged or lost prosperity such as furniture, access cards, and keys.

Students and parents/guardians are not permitted to park on campus at any time. Students are not allowed to bring their cars to campus. Parents/guardians should arrange to drop off and pick up times with the student.

RESIDENTIAL TEAM

Program Assistants (PAs) for BCE are typically current Boston College undergraduate students. They live in the residence halls with BCE students to provide support and guidance throughout the program. Each PA is assigned a small group of BCE students to serve as their mentor, sounding board, and conversation partner. PAs also plan and implement programs that will engage the students and help them to think about what they want out of the program and out of their future college experience.

In addition to PAs, the residential staff also consists of Program Coordinators (PCs) and Residential Program Managers (RPMs). If help is needed, there will always be at least two PAs and one PC on duty in the residence hall 24/7.

HOUSING

Students will be housed in one of BC's residence halls. Many residence halls are suite apartment-style dorms. Bedrooms come furnished with 2 desks, 2 beds, 2 dressers, 2 desk chairs and 2 closets. The living room and dining room have 2 couches, 2 chairs, a coffee table, a dining room table and 4 chairs. The suites are air conditioned with lounges on each floor of the residence hall. **Single occupancy rooms are not available.**

ROOMMATES

Residential students will be paired with a roommate based on how they fill out the Roommate Questionnaire. Any roommate requests should be indicated on the form. Both students **must** mutually indicate their desire to room together in the Roommate Questionnaire in order for a roommate request to be considered at the time assignments are made.

ROOM CHANGES

Due to the brief duration of the program, room changes are not allowed except in cases of severe duress or emergency (as assessed by program staff and assistant director). It is a violation of BCE policy to change rooms without program approval. In cases where a student does change rooms without approval, they will be returned to their original room assignment.

The program reserves the right to change a participant's room assignment at any time and for any reason. Discriminatory behavior toward a new occupant after a room change is unacceptable and may result in the removal from the program.

KEYS AND CARDS

All residential and commuter participants receive a BC ID card upon arrival. Residential participants will also receive keys and meal cards in addition to the BC ID. Students are responsible for managing and safeguarding their room key, BCE ID card, and meal card. Students should not give out or share their room key, meal card, or BCE ID card with anyone ever. Fines will be assessed to replace lost or stolen room keys, ID cards, or meal cards. Failing to return your keys and meal card will result in fines. If a student does lose keys or cards, they must report it to the PA immediately.

DAMAGE AND VANDALISM

Rooms

Participants are responsible for the care of their rooms and are expected to keep them orderly and clean. The assigned occupants of a space are held accountable for the space's condition at all times.

Within three days of moving on-campus, the students must report any found damage to the room or University furniture so it can be documented and addressed. Failure to do so will result in financial accountability for repairs or replacements.

After moving out, if the living area is unclean and/or has damage, each room's occupants would be billed accordingly. See the [Additional Fees section](#).

Suite Common Areas

The assigned occupants of a space are held accountable for the room's condition at all times. Damage to and/or additional required cleaning to these areas will be billed to all the assigned occupants of the suite.

Dormitory Public Areas

Deliberate and malicious vandalism is grounds for immediate investigation, disciplinary action, and involuntary withdrawal from the program.

DORM SAFETY GUIDELINES

Only BCE students and staff are allowed into residence halls. Exterior doors to the building should never be propped open. This is a safety violation. Students may not be on a floor not of their designated gender.

BCE reserves the right to enter residence hall rooms at any time for purposes related to repair, maintenance, health, and safety and/or inspections to ensure compliance with BCE and Residential Life rules, regulations and policies.

GUEST POLICY

BCE students are **not allowed any guests in the residence hall ever**. There are **no exceptions**. **Family and friends ARE NOT allowed in the residence hall**, this includes friends or siblings who are current BC students, staff, and/or faculty. Only BCE residential staff and residential BCE students are allowed in the residence hall.

ROOM/SUITE POLICY

Residential students are only allowed to enter the room/suite they are assigned to. Under no circumstances are students allowed to enter a room/suite they are not assigned to. Students can hang out in the residence hall lounges/study rooms and lobby. Violation of this policy may result in immediate dismissal.

QUIET HOURS

During quiet hours, students must maintain a considerate and respectable noise level (i.e. avoid talking in groups in the hallways). BCE quiet hours are:

Sunday - Thursday from 10 p.m. – 8 a.m.

Friday - Saturday from 12 a.m. – 8 a.m.

CURFEW

Building Curfew hours: 10 p.m. to 7 a.m.

Room curfew: 12 a.m. (midnight) to 7 a.m.

Students must be in the residence hall and checked in with the Program Assistant on duty by **10 p.m. every day**. Students must be in the building at this time. Students may socialize in the floor's common rooms and practice/study rooms.

All students must be in their assigned rooms **no later than midnight each night**. Any student who leaves their room/suite or is found to have left the residence hall during the hours of curfew and following the attendance check will be involuntarily withdrawn from the Program.

The first time a student fails to check in for curfew, they will be given a warning. The second time, it is a curfew violation. Parents will be given notice of each curfew violation. **Three curfew violations will result in involuntary withdrawal from the Program and no refund will be issued.**

Note: Only students who have been approved to be off campus with a custodial parent/guardian or an adult approved by the custodial parent/guardian, can check in after curfew. Approval must include the time the student will return.

LAUNDRY

Laundry machines are in the basement of each of the residence halls and cost \$1.75 for each wash and dry cycle. Quarters are needed. **Please bring your quarters, if you plan to do laundry.** There are no coin machines in the laundry room.

MAIL

Mail can be sent to students at the following address:

First Name Last Name
Boston College Experience
St. Mary's Hall South
140 Commonwealth Ave
Chestnut Hill, MA 02467

Participants are responsible for determining whether their mail has arrived and subsequently picked up. An email reminding participants to pick up their mail may be sent to their bc.edu email address if the mail has gone uncollected for a prolonged period of time. BCE is not responsible for redirecting mail after the intended participant/student has left campus/the program has ended. Please plan accordingly.

HEALTH SERVICES

BCE residential or commuter students can utilize the [University Health Service Clinic](#) during the program dates. The clinic provides treatment of minor injuries or illnesses and willingly acts as a liaison with community doctors for necessary treatments that the clinic cannot provide. Student participants seeking medical care will be accompanied by program staff to the Boston College University Health Services offices to receive care.

University Health Services is located on the ground level of the Thomas Moore Apartments at 2150 Commonwealth Avenue. During the summer, it is open Monday through Thursday from 8:30 a.m. to 4:30 p.m. and on Fridays from 9 a.m. to 3 p.m.

In all cases where medical attention is sought, the student's custodial parent/guardian or emergency contact will be notified.

REFUND POLICY

In the event that a student must withdraw from their enrolled course prior to their program's start date, refer to the refund deadlines in Section III.

In the event a student is unable to complete the program due to illness/medical emergency, refunds will be provided as follows,

- If less than half of the program has been completed, a full refund will be given.
- If half or more than half of the program has been completed a 50% refund will be given.

In the event that a student is unable to attend due to visa delay/denial, they are not eligible for a refund.

Refund requests must be received in writing. All requests for a refund must be sent to bce@bc.edu with the subject line BCE Refund Request.

WITHDRAWAL POLICY

Notice of a student's intent to withdraw from the program must be sent by the custodial parent/guardian **from the email address on file at Boston College**. This email must be sent to bce@bc.edu and approved by the Assistant Director of Pre-College Programs **24 hours prior to the desired departure time**. The email notice **must** include the following information:

- Date and time of departure
- Departure information (flight information, being picked up, utilizing a rideshare service like Uber)
- The name of the person picking up the student (the custodial parent/guardian, adult (18+) authorized by the custodial parent/guardian, or if the student has permission to leave campus without an adult accompanying them).
- The reason for withdrawing

Note: Students who withdraw from the program cannot return for any portion of the remaining time of the program.

Special withdrawal categories

Emergency overnight withdrawal

In the event of an emergency overnight withdrawal from the program, the participant or custodial parent/guardians must call (617) 552-2092 and send a notice as outlined in the Withdrawal policy to bce@bc.edu.

Visa Delays or Denials

International students assume all responsibility regarding the visa process; it is important to research the amount of time required for a tourist visa. Any delay or denial that results in the student's inability to participate in a program is not a recognized reason for a refund.

Involuntary withdrawal

A participant may be involuntarily withdrawn from the program based on serious or disruptive behavior, excessive absences, consistently being unprepared to engage in academic and/or program activities, persistent illness, or other serious violations of University and program policies and guidelines. Involuntary withdrawals are not eligible for a refund.
